

Café Classic Pods...Update

- We have reformulated our pods to work specifically in commercial brewers, and in particular the Newco Fresh Cup pod brewer.
- Pod weights have been increased to 9.5 - 10.5 grams for better extraction.
- Pods are now individually labeled “this side up”.
- Boxes are labeled with recommended brew style, mild, medium or bold.
- Café Classic brewers will be pre set by Newco with preferred brew settings.

Café Classics Pod Brewer Settings:

Button Set Up Menu

	Mild	Medium	Bold
Pre-infusion	15	15	15
Brew Volume	8	8	8
Brew Time	35	40	45

- Brew time volumes are set high to compensate for water retained in pods after brewing.
- The following button designations are suggested for the following Café Classic pods:

Mild: Colombian Supremo, Guatemala Antigua, Sumatra Mandheling and Breakfast Blend

Medium: Donut Shop, Kona Blend, Decaf Colombian and Flavors

Bold: Classic Bold, French Roast, Extra Bold Pacific Blend and Extra Bold Espresso

Tea: English Breakfast, Green Tea with Lemon and Herbal Fruit Tea

* Also available: Café Classics At-Home pods (6/15:90 ct)
Café Classics In-Room pods (150 per case); 25 case minimum
